## ➤ Invacare® **Blade Plus**

### **The smarter choice for today's children**

The *Invacare*® **Blade**, designed especially for children, has now been updated, offering a much greater degree of multi-adjustability - a key concern for growing youngsters – plus an exciting new range of metallic frame colours. The *Invacare*® **Blade Plus** offers the ideal vehicle for a child, giving optimum support and comfort in a lightweight manual chair that is both smart to look at **and** fun to use.

A small red logo featuring a stylized figure with arms raised, positioned above the word "JUNIOR".  
**JUNIOR**

**Hinged backrest**  
For ease of transportation

**Adjustable Armrests**  
The armrests are height adjustable to allow for change in a child's height.

**Multi-adjustable footrests**  
Easy to adjust as a child grows.

**Front frame option**  
Rigged out front castors.

### Freedom of choice

The *Invacare*® **Blade Plus** is available in both a transit and a self propelling model, and now with 16 different seat sizes, it can accommodate youngsters of all shapes and sizes from approximately three years to fifteen years.

Kids are always on the move and with the choice of two rear wheel sizes – 22" as standard and 20" as an option – plus multi-adjustable rear wheel settings, the **Blade Plus** is ideal for outdoor activities.

### Flexibility and portability

The **Blade Plus** is available with two new front frame options – with swingaway footrests, giving easier access, or with outrigged front castors. It is truly multi-adjustable, with height and angle adjustable footrests and plates, and reversible, height adjustable armrests, making it especially flexible to meet a youngster's ever changing needs. There are two new back options; 0°- 30° reclining and a vertical back with height adjustable push handles.

This lightweight chair easily folds down for transportation.
