

Otto Bock Start M6 Junior

At a glance

- Frame made of profiled aluminium tubing
- All main component groups are screw-connected
- Uniform caster forks for all wheel sizes
- Durable and resistant upholstery
- Narrow folded dimension with folding lock
- Child-friendly colours
- Optimized wheel lock
- Footrest for small lower leg length

A sound and solid basis. And in no way inferior to the grown-ups! The StartM6 Junior is the first lightweight children's wheelchair that features the same modules and accessories as the adult variants. Now that's fairness!

The StartM6 Junior is highly adaptable to small bodies and has a seat width starting at 28 cm. It offers secure mastering of obstacles as well as bright, child-friendly colours.
