This unit is NOT bus transportable

"\*The information contained herein is correct at the time of publication; due to the manufacturer's commitment to constant improvement and development, they reserve the right to alter specifications without prior notice."

"\*\*\*Theoretical range is calculated under test conditions in accordance with European standards. Actual range in normal use will depend on many factors, including the condition of the vehicle and its batteries, the weight of the driver, correct tyre pressures, ambient temperature, and the gradient and surface of the road or pavement."

# Features:

- Easy to remove battery pack
- Lightweight frame
- Disassembles into four manageable pieces
- Fits in most vehicle boots
- Top speed of 5.5 km/h (3.5 mph)
- Twin motors for traction and precision handling
- Tight turning radius of 57 cm (22.5")

# Colours:

Red (std)

Blue (std)

# Options:

- Lap belt
- Cup holder
- Additional Battery Box
