

Blenheim soft back riser recliner
in Soho Patchwork Blush

Blenheim

Single Motor Tilt-in-Space Chair

Features:

- Very popular petite chair with strong beech & birch ply frame & wide range of size & feature options
- Top quality British action stringently tested to ensure product strength, rigidity, safety & durability
- Single motor tilt-in space action maintains initial sit position throughout recline, eliminates friction & shear forces whilst spreading body weight over a wider area to minimise pressure points
- Simplicity of just two handset buttons & choice of handsets (see p.35)
- Very effective high ankle elevation & good TV watching position
- Maximum user weight 20½ stone/130kg
- Choice of 4 backrest styles - firm wing, waterfall, soft, soft wing
- High backrest for optimum support when reclined
- Adjustable fibre-filled zipped neck pillow (except on waterfall back)
- Emergency battery backup (one action only) included but consider rechargeable battery backup or AccuPack options if concerned about power failure (see p.36)

- Castors for ease of movement
NB: Polyurethane Castors (rear lockable) strongly recommended for domestic wooden, laminate or vinyl floors & **Rubber Wheels** (rear lockable) for healthcare establishments - please specify on order if required (see p.36)
- Wide choice of soft covers, waterproof breathable fabrics, vinyl or leather (see p.40)
NB: Vinyl, leather & some soft covers may cause creaking or noise on action chairs

Please see important safety note p.40
