

*The Snowdon*

# The Snowdon

*The Snowdon* is an electrically controlled chair with a lift and recline facility, operated by a low voltage hand controlled unit.

Our Range of chairs are particularly beneficial to those who have problems in rising from the sitting position into the standing position. This is achieved by the user simply having to press the "UP" button on the hand control unit.

Heavy duty Snowdon models are available to support from 25 to 35 stones

*This chair can be tailored to your own specifications*

### *Optional Extras*

- Two and three motor mechanisms (allowing independent operation of functions.)
- Side pocket(s)
- Arm covers
- Headroll
- Antimacassar

*The Snowdon Suite also available*

# The Brecon

*The Brecon* is a wonderfully comfortable recliner with all the features necessary to suit the users requirements.

The cushion back available on our whole range of chairs is fibre filled and can be adjusted to suit the users needs, thus allowing for excellent support in any position, whether seated or reclined.

Heavy duty Brecon models are available to support from 25 to 35 stones.

*This chair can be tailored to your own specifications*

### *Optional Extras*
